

**TOP PRIORITY, MATTER CONCERNS PUBLIC-INTEREST**

To  
Mr. Pranab Mukherjee,  
Hon'ble President of India,  
Rashtrapati Bhavan, New Delhi.  
Ref. No. AUM Mod-Sc.: 790

**BULLETIN no. 7**

Dated 27<sup>th</sup> July, 2012

Respected Sir,

SUB : **INTRODUCTION OF ' MODERN-SCIENCE '→ NEW CONCEPT  
FOR MONSOON RESTORATION, TACKLING WEAK ECONOMY  
AND EFFECTIVE TRANSFORMATION FOR OUR WEARY PLANET.**

With due respect to your Excellency I wish to draw your kind attention to an imperative concern of Public of India who are being subjected to extreme hardships due absence of normal Monsoon/Rains in the country. Besides, Your Highness is well aware of the weak Economy prevailing in our country, and; also the need to revive our Planet which is undergoing various adversities of multiple nature, threatening existence of normal Life & functions upon Earth.

At this important evolutionary juncture; I wish to introduce the most valuable wealth of our country, in terms of precious ancient wisdom to formulate into a totally new discipline to be termed as: **MODERN-SCIENCE**. This concept of Modern-science would also contain precious segments of Natural-sciences i.e. that portion of Spirituality which remained obscured before our eyes and also abstained from useful perception & purposeful applications in respect to our Conventional-science, for the past several thousand years due to ignorance.

**Conventional-science:** as we are well aware is the outcome of scientific practices of past which has indeed done good for our civilization, but; now a time has arrived when it is unable to deliver more to eradicate the various adversities posing before Life on this Planet. Whereas, **Spiritual-science:** is that portion of our planetary-wisdom which contains the most valuable TREASURE required for onward progress of our Planet, henceforth. The finer

secrets of nature which remains latent is more pronounced within contents of ancient Indian scriptures. Additional Energy now needs to be extracted and supplemented into application to benefit our civilization & planetary existence.

I humbly submit to state that I have established a formula by which the two disciplines i.e. Spiritual-science & Conventional-science could be appropriately integrated together to establish the proposed newer concept of Modern-science. Such improved concept contains the possibility by which various unending Modern-problems of this Modern-world of ours could be controlled. The same also needs to be incorporated into our existing Education system.

By virtue of such necessary integration it would be possible for us to immediately obtain additional input of **ENERGY** (*prana*) from the Cosmic store-house. Energy is the most vital factor which controls the function of every existence on this Planet. More Energy means more output from all natural resources/products i.e. the plants will yield better crops, trees more fruits, soil with more minerals and oil etc. in other words every natural product's availability within our planet could be increased suitably. Such enhancement of natural-products would consequently yield more jobs, better Economy, improved climate conditions, timely Rains etc. all resulting towards wondrous Joys, hope and contentment for global public. This Energy augmentation technique is a highly specialized process which I am confident to have it skilfully accomplished. For this, I pray to seek your kind cooperation in conjunction with the masses /governing authorities of India; so as to have its implementation expedited without any delay towards the *New Beginning*.

Indeed there are numerous revered sages worldwide who could be approached to either collectively or individually perform & demonstrate the objectives of this bulletin; failing which, I humbly pray to be given a chance to undertake this task & exhibit the Power of the Creator. Mere yogic physical / breathing exercises, meditation, wisdom has been practiced enough in our

country since ages which indeed helps an individual with his physical-body & mind maintenance, as a normal routine function, but; time now demands for something much more advanced which could alleviate the various on-going crises within this Modern-world & living conditions of humankind, globally.

Most respectfully I would also like to remind Your Excellency that our ancient Indian heritage's wisdom of Human Spiritual-science needs to be awakened and its associated Energy brought into suitable applications. This was the main objective of **Swami Vivekananda** who aspired to build a new Dynamic India, a resurgent India using the Power contained in her Latent Spiritual Wisdom; the time has now come to activate that action towards that esteemed Vision of the great sage, under the learned competence and kind cooperation of Your Excellency; in welfare & good interest of the Public of India. In Your Excellency's recent swear-in ceremonial-speech Your Lordship had applauded the role and importance of India's great visionary - Swami Vivekananda; time now demands that all theoretical contents in books & scriptures be brought into purposeful practice enabling all to transcend to higher planes of Human Consciousness. God has awarded Your Excellency with this opportunity to show the True Power of India to the rest of the ignorant world & help each individual and Life on this Planet evolve efficiently.

Most humbly I state that I possess a background with proven record of past where I accomplished extraordinary feats. Besides matchless credentials as an Air-India pilot, I am also a graduate in Aeronautics. I was the only pilot in this world to have detected **TWO** technical Design defects in the Airbus aircraft and prepared the most comprehensive Fog Flight-Operations Training Guide; all these aspects have been certified & confirmed by designated authorities of French Govt. in writing [it is not an easy task to get such distinctive commendation from a company like the Airbus of France]. My various other unique achievements as a thorough professional, a human with clean & good moral conduct is available on record which could be also assessed by a competent board to confirm & ascertain the veracity of my submissions.

Moreover, I have an exemplary experience of about 35 years of intensive research oriented deep-study into Spiritual-science & allied wisdom pertaining to enhanced human capability & its proper implementation for human welfare.

I intend to start my work with bringing in an immediate relief to the Indians by restoring the failed monsoon system, resurrecting the weak Economy and thereafter perform various demanding tasks i.e. controlling Global warming, Ozone layer rebuilding controlling earthquakes, floods, diseases and other such valuable intents, as mentioned in the objective section of my site [www.divinekripa.in](http://www.divinekripa.in) There is a grave possibility that the next monsoon may be even worse, if such reality remains ignored as this is a natural process of Nature; so termed as extinction of products/ species, when disrespected.

I reiterate before all concerned to emphasize the Truth that our conventional-science cannot progress any further alone without suitable coalition of Spiritual-science in order to meet the much outgrown demand & challenges of common Public-interest contained in this contemporary world of ours today. By Duty & Responsibility, we all need to come forward and contribute our efforts towards a global concern for our Planet's destiny, before it gets late.

Thanking you,  
Yours truly

**Capt. P.N.Sharma**

**Copy to:** The various Hon'ble global Dignitaries, Senior officers of Govt. of India, NGOs, CBI/CVC, society groups and esteemed citizenry: with a sincere prayer to please encourage my pleading by giving me a chance to demonstrate the Power of Divine intercessions, as; there is nothing to lose but much to gain in favour towards welfare & progress of every existence upon this Planet. My proven past matchless credentials on record should enable me to earn the sought opportunity & try this novel concept and bring immediate relief upon humankind in every respect to improve living standards.

Copy of my previous correspondence is attached wherein my various concerns were indicated which needs perusal. I continue to work with the noble-spirit to serve the country as a simple messenger (*sevak*) of God; anyone and everyone can get close to the Creator, it is very simple & a great experience.

**MATTER CONCERNS PUBLIC-INTEREST**

To  
Mr. Pranab Mukherjee,  
Hon'ble President of India,  
Rashtrapati Bhavan, New Delhi.

Ref. No. AUM/ Appmnt: 793

Dated 30<sup>th</sup> July, 2012

Respected Sir,

**SUB: REQUEST FOR AN APPOINTMENT REGARDING SOLUTION TOWARDS  
TIMELY RECOURSE FOR REVIVAL OF MONSOON & OTHER ASPECTS**

With due respect to your Excellency I wish to draw your kind attention to my letter dated the 27<sup>th</sup> instant wherein I have indicated a suitable proposal for Divine intercessions towards instant relief for our country,( its receipt ack. by your president's secretariat vide No. PRSEC/E/2012/10276 dated the 27.07.12).

In regard to its contents I wish to quote the Vital extract of the speech presented by Your Highness during your President-ship's swear-in ceremony on the 25<sup>th</sup> instant in context with Swami Vivekananda's Vision, as :

*" As Swami Vivekananda in his soaring metaphor said, India will be raised, not with the power of flesh but with the **power of the spirit**, not with the flag of destruction, but with the flag of peace and love. Bring all the forces of good together..... "*

The Power of the SPIRIT is the most vital element which needs to be awakened now to bless our country reeling under various types of adversities today. Your kind Excellency belongs to Kolkata (Bengal) which is the State of a precious flow of concentrated Spirit of Patriotism & Wisdom. It is the Land of Power of goddesses (*Bhadro-Kali & Durga*). This rich soil of India has produced many great youths, martyrs & Sages such as Shri(s) Rabindra Nath Tagore, B.C. Chatterjee, S.C. Bose, Swami Vivekananda, **and**; the Greatest Pearl of India – Sh. Aurobindo Ghose (whom the world would only understand after achieving an evolved consciousness). [ I humbly state that I too had the

privilege to have spent my entire childhood at Kolkata, studied at St. Mary's, Dum Dum, from class 0 to VIII, till 1966]. I am fully aware of the vibrant SPIRIT of Talent & National-Mindedness which flows in the streets of Kolkata. Respected Sir, today Your Lordship is blessed with an opportunity to initiate the process of bringing-down the quoted ' **SPIRIT Power** ' into purposeful applications for the world to witness the possessions, capability, power, fortitude & wisdom of India; which unfortunately yet remains veiled at these awful times of global hardships & adversities thrust upon our Planet.

The awful claws of Evil must be neutralised in order to allow Nature to accelerate beyond the stagnated evolution towards the threshold of the next ERA full of: hope, purpose, joy & contentment. Your Excellency has the Power to activate the commencement of the **New Beginning**. Please exhibit Your Excellency's faith in God and make the most astounding & correct decision soon which contains widespread welfare, interest and progress of Humanity.

I most humbly pray before your Kind Excellency to kindly accord me an appointment to explain the technique as to how those long cherished visions of the various 'Great Noble Souls of India' could be accomplished. The time is well ripe now for That Power & its associated Spiritual-Wisdom i.e. the greatest Treasure of our Mother-land to be unleashed; for the world to realize and benefit from the True excellence, potential & sovereignty of our great country, India.

Vandematram !

Truly yours

**Capt. P.N.Sharma**
